To whom it may concern:

I am writing to express my concern about the Millenium Gas Pipeline's proposed crossing of the Hudson River. I understand that this is inconsistent with the Coastal Zone Management Act, but that the Millenium Gas Pipeline Corporation is appealing New York's decision with the U.S. Department of Commerce.

I grew up on the Hudson River in Rockland County. I am writing to express my opposition to the pipeline's construction, which will be detrimental to communities and the environment across New York State.

Thanks very much for your attention.

Yours sincerely,
